1 Preface

! NOTICE

This document contains all valid certificates for the HMI T-Ind (IT-xx7) device series.

All certificates are also available on R. STAHL HMI Systems GmbH's website and on the CDs / DVDs / USB sticks included in the delivery and a copy can also be ordered from R. STAHL HMI Systems GmbH.

2 Type allocation

Since the beginning of 2013, the T-series devices have been allocated new type names according to the following pattern:

To avoid the bother of having to re-write certifications, the names in the certificates remain the same, but the devices receive new names.

In the interest of a clear link between device type and certificate, both device names are listed on the type plate from 01.04.2013 onwards.
