MY R. STAHL **MANTAKVMOSA**

The MANTA KVM systems have been designed as classic KVM solutions for visualisation and operation of remote devices - with worldwide certifications for Zones 1, 2, 21, 22 and Division 2. They are available as panel-mount modules (PM) or operator stations with enclosure (OS). Data is transmitted via copper cable or FO (CAT <100 m), single mode <10 km, multi-mode <550 m). Their brilliant 24" widescreen displays with a resolution of 1920 x 1080 pixels (format 16:9) are available with or without touch screen. The stainless steel enclosures (SS304 or SS316L) are available with a front opening or in cleanroom-compliant design and with different mounting options. Accessories include country-specific keyboards, pointer instruments and RFID and barcode readers.
