

Relation IEC - EU - D

IEC	EU	D
IEC TC 31, Equipment for explosive atmospheres	CENELEC TC 31, Electrical apparatus for potentially explosive atmospheres	DKE K 241, Schlagwetter- und explosionsgeschützte elektrische Betriebsmittel
IEC TC 31, SC 31 G, Intrinsically-safe apparatus	CENELEC TC 31, Electrical apparatus for potentially explosive atmospheres	DKE K 241, Schlagwetter- und explosionsgeschützte elektrische Betriebsmittel
IEC TC 31, SC 31 J, Classification of hazardous areas and installation requirements	CENELEC TC 31, Electrical apparatus for potentially explosive atmospheres	DKE K 235, Errichten elektrischer Anlagen in explosionsgefährdeten Bereichen
IEC TC 31, SC 31 M, Non-electrical equipment and protective systems for explosive atmospheres	CEN/TC 305, Potentially explosive atmospheres - Explosion prevention and protection	DIN NASG NA 095-02: Nichtelektrischer Explosionsschutz und Normung
